B&MRRHS

March 3, 1972

Dear B&M fans,

The last meeting of the B&MRRHS was a resounding success. Stan Whitney's movies of Crawford Notch during steam were magnificent. Now the problem is how to follow an act like that for the March meeting. Speaking of the March meeting, it will be held on March 11, at 7:00 P.M. at the Reading Depot. It seems that some enthusiastic vandals broke all the windows in the place, but the building is still usable, so don't let the boarded up windows deter you.

Copies of the B&M Bulletin, spring issue, will be available to members attending the March meeting. It is another fine effort on the part of our editor, and should prove to be interesting reading.

From the responses which I have received so far, it looks as though any proposed railfan weekend at Steamtown would be very well received. Now, if it only materializes....

See you at the meeting.
